Are you between the ages of 13 and 20 and have a multicultural background? Are you eager to make a difference in your local community? We invite you to an exciting information meeting about our new project, "Multicultural Upbringing"! We want to create a community where everyone, regardless of background, feels valued and heard.

This project cannot succeed without your voice and your experiences. You are the expert, and your insights will help bring about positive change in the municipality of Gjesdal.

This is your chance to:

- Learn more about the project and our goals.
- Share your thoughts and what matters most to you.
- Get involved and help create positive changes for yourself and other youth in the local community.

Bring your ideas, enthusiasm, and friends. Pizza will be served! Parents are also welcome!
