Are you someone with a multicultural background and living in Gjesdal? Are you eager to help shape a positive environment for multicultural youth in your local community? We invite you to an informative meeting about our new project, "Multicultural Upbringing"! Our goal is to create a community where everyone, regardless of background, feels valued and heard.

This project cannot succeed without your voice and your experiences. You are the expert, and your insights as someone with a multicultural background will help bring about positive change to the services provided by the municipality of Gjesdal.

This is your chance to:

- Learn more about the project and our goals.
- Share your thoughts on what matters most to you and your family.
- Get involved and help create a supportive community for children from all backgrounds.
