

The Lion – King of the Animals

The lion is a big, strong cat. Many call it the "King of the Animals". Most lions live on grassy plains in Africa.

What does it look like? Lions have yellow-brown fur, sharp teeth, and big paws. Dad lions have a big, dark mane of hair around their neck. Mom lions do not have a mane.

Family and Food Lions live in a family called a **pride**. They eat only meat and hunt animals like zebras. Mom lions do most of the hunting, often at night.

Fun Facts

- A lion's roar is super loud!
- Lions can sleep for 20 hours a day.
